**Certification decision for the inspection dated 28/11/2018**

Dear Mr. Attila Somodi

We are pleased to inform you about the result of your operation's certification. Based on our inspection we confirm that your operation fully meets the requirements of the following standards:

- Bio Suisse

Congratulations!

The products as per your product list will thus be certified according to the above mentioned standards. If there are any notes for consideration, you find them listed in an attached document, please check and consider them carefully.

The approval for Bio Suisse confirms compliance with Bio Suisse Standards. Bio Suisse certification is conditional upon currently valid certification under the EU Organic Regulation. It does not entitle the holder to label the products with the Bio Suisse "Bud" label and does not constitute a guarantee to market the products in Switzerland (Bio Suisse is, for example, obliged to restrict imports if there is sufficient domestic supply).

You may use the "BIOSUISSE ORGANIC" label for your operation and your products, on your website, on bulk packaging, delivery notes, invoices etc. The logo is available for download as a .jpg file from the Bio Suisse website at:  
<http://www.bio-suisse.ch/en/downloads.php>

For any questions, please do not hesitate to contact us.

We thank you for your cooperation.

Yours sincerely,

**bio.inspecta AG**
